

## Warranty Information

1. During the warranty period (one year from the date of purchase), Progress Technologies Inc. will repair or replace, at no charge, the product, or parts of the product, that prove defective under normal use following the Instruction Manual and the Safety Precautions. Customer is responsible for the costs of shipping the product to us and we pay for it on the way back to the customers.

During the warranty period, In case of failure or damage due to an event not covered by the warranty, customers can purchase a brand-new one at 10,000 JPY discount off the retail price regardless of the reason. Note this offer is one time only per customer and the customer is responsible for the shipping costs.

2. After expiration of the warranty period, if customers wish so, the repair work will be done on the product which can be used again after the repair. However, there will be a charge for the repair work. The repair cost will be estimated based on the cost of assessment and repair, parts, and transportation.
3. Even within the warranty period, there will be a charge for the repair service in the following cases.
  - Failure or damage due to incorrect use of the device, or failure or damage due to the user's intent or negligence (external damage due to submergence in water and being dropped, etc.)
  - Tears, scratches or stains which do not affect the display of the content.
  - Failure or damage due to natural disasters including fire, earthquake, flood, etc.
  - In case of loss or theft.
  - Failure or damage when this product is used in a situation other than general household use (for example, long-term use for professional purpose)
  - Exchange of consumable parts.
  - When required information in the warranty document is not filled out or falsified. (However, if it is not filled out, we will repair it for free when you show us a receipt, an invoice or something that can prove the date of purchase and the retailer.)
  - When the warranty document is not supplied.

In case of failure or damages due to alternations or modifications to the product or repairs or analyzation of its source codes through decompilation, disassembly and reverse-engineering made by a non-authorized service source, the repair work may not be done.

4. Please contact our support center for repairs.
5. Keep your original warranty in a secure location, as duplicate warranties will not be issued.

\*The personal information you provide us in this warranty will be used for purposes of repairing, inspecting, checking, shipping products, etc.

\*This warranty is intended for the free repair service in the terms and conditions described in this document. This warranty does not limit your legal rights. Please contact our support center for a repair service after the warranty period etc.
